EDUCATION

B.Tech (AI & ML)

Acropolis Institute of Technology & Research Indore

2024 – 2028

PROFESSIONAL SUMMARY

A dedicated B.Tech student specializing in Artificial Intelligence and Machine Learning with a solid foundation in Python and C++ programming. Experienced anchor and team leader with strong communication and organizational skills. Highly motivated to apply academic knowledge to practical, entry-level projects and continue growing in data science and software development.

CERTIFICATIONS & ACHIEVEMENTS

ISSUER	CERTIFICATE	ORGANIZATION
Infosys Springboard	Python Foundation Certificate	Infosys
Infosys Springboard	AI Foundation Certificate	Infosys
NPTEL	Programming Certificate	IIT/NIT Consortium
Anthropic	AI Fluency for Students	Anthropic

EXTRACURRICULAR & LEADERSHIP

- **Anchor / Host** — Served as event anchor for college functions, demonstrating strong public speaking, stage confidence, and communication skills.
- **Team Leadership** — Led and coordinated student teams, showcasing organizational ability and collaborative problem-solving.
- **Continuous Learning** — Actively pursued online certifications in AI, Python, and Machine Learning beyond the regular curriculum.

CAREER OBJECTIVE

To secure an entry-level internship or project opportunity in the field of Artificial Intelligence, Machine Learning, or Data Science where I can apply my programming skills, academic knowledge, and leadership abilities to contribute meaningfully while continuing to grow as a technology professional.
